

Replacement TFT-LCD Monitor

Series: Delem

The TFT-Industrial-Monitor is a modern concept to replace old or defective 9" and 12" CRTs mounted in Control Units of Delem. All Units are Made in Germany, using only high quality components. A mechanic housing, similar to the original Unit, makes it easy to exchange in just a few minutes. The new display is plug&play 100% compatible to the Delem equipment and offers a Backlight Lifetime of 40.000 hours.
