

RAL 7016

## Series: Ferromatik

The TFT-industrial-monitor is a modern concept to replace old or defective 10.4" TFT monitors mounted in control units of Ferromatik. All units are Made in Germany, using only high quality components. A mechanic housing, similar to the original unit, makes it easy to exchange in just a few minutes. The new display is plug & play 100% compatible to the FERROMATIK equipment.
