

Series: Makino

The TFT-industrial-monitor is a modern concept to replace old or defective 14" CRT monitors mounted in control units of Makino. All units are Made in Germany, using only high quality components. A mechanic housing, similar to the original unit, makes it easy to exchange in just a few minutes. The new display is plug & play 100% compatible to the MAKINO equipment.

- **For Makino MGC3**
